"WHAT IS SOCIALISM?"

(Continued)

Mr. Kaufman, in treating his chapter on "The Ascent of Man" according to the view of the industrial history of the race, is showing the economic principle of the six stages through which this ascent has come, according to the Socialistic idea.

Under the heading of Slavery, the second stage, he says, "You will remember that we have said that the animals were domesticated, the cereal cultivated, the metals smelted and the wheel, the lever, and rudder and the loom invented under primitive communism. It is clear that, as soon as these steps forward had been taken, those individuals best adapted by their wit to take advantage of such progress, were each soon in a position to produce more than was necessary for his own existence. Domestic exchange became more common and inter-tribal trade was established. There was, in time, thus created a use for prisoners-of-war: they were put to work. Here, then, was the beginning of chattel-slavery. The slave had become an economic necessity, was endowed with an economic value. At first he was, of course, like all other wealth, the property of the clan, but, as trade and inventions continued to grow and extend, and as individuals continued to increase the bulk of personal property—as, in a word, communism began to disintegrate—the slave and his heirs became the property of the captor and his descendants. By the unpaid labor of his hands the slave erected for his masters the first leisured class that the world had ever seen, and on the corner-stone of his heart was built the highest culture and civilization of the Golden Age.

The next phase in the ascent of man follows by the same logic that binds the links which precede and those which follow it. Once the slave had become the private property of his captor, that captor was enabled to produce more articles of exchange value than could be produced by the man that had no slave. In like manner, the man with many slaves was possessed of a greater earning machine than the man with one. Thus the commodities produced by the many slaves of the one man were soon exchangeable for still other slaves, and in this way slave-ownership speedily became the perquisite of a single class. It is to this process that we owe the establishment of the Oligarchy, which, whether Grecian or Roman, ruled the world before the dawn of Feudalism."

According to reports from Texas, it is claimed that the prohibitory amendment to the state constitution has lost by the small majority of 3,780 in the great Texas empire. The prohibitionists however claim fraud in the election returns and propose to contest them. This may change the result and put the prohibitory clause into the state constitution. But, regardless of whether it does or not, it is conceded that the prohibitionists have a majority in both senate and house. This will enable them to fix a state-wide prohibitory law to their liking and it will probably permit them also to take Senator Bailey out of the United States Senate, which will be a distinct service to the nation at large. It is an ill wind that blows nobody any good.

Denton, July 27.—Grant Seymour spent Sunday at Murry's Lake. Emory Schlicht of Detroit spent Sunday at his home in Denton. Lee Garrick, Frank Kenny and Harry Goodell witnessed the ball game at Detroit Saturday between Detroit and New York. Mrs. Victoria Gillespie of Ypsilanti Sundayed with Mr. and Mrs. John Gillespie of Denton. Lysie Benjamin of Detroit spent Sunday among old friends in Denton and Ypsilanti. Frank Horton spent Sunday at Detroit. Lester Raymo has accepted a position as engineer on the good roads. The annual M. E. Sunday school excursion to Detroit and Belle Isle will be held Saturday, August 12th. Miss Raburn Dunlap of Kalamazoo, formerly of Denton, is spending a few days at the homes of Miss Carrie Babcock and Mrs. Tracy Smith. F. W. Smith and family spent Sunday among old friends in Denton. Emmet Smith is on the sick list. Miss Florence Smith, who was bitten by a rattlesnake, is able to be around again.

CONTROLLER BAY CHARGES

(Continued from Page 1)

agriculture, by the secretary of the interior and by the general land office, and the result was a recommendation to me in May, 1910, that an elimination be made of 320 acres with a frontage of 160 rods on the northwest shore of Controller bay.

I considered the whole case in August, 1910, and directed that the 320 acres, recommended by both departments, be eliminated as recommended. The question finally came before the cabinet late in October. After a full discussion of the matter and after a consideration of the law I expressed dissatisfaction with the order because it purported on its face to make the elimination for the benefit of a railroad company of a tract of land which the company could not secure under the statute, for it was a tract 320 acres in one body when only 160 acres could be thus acquired. In the second place, I preferred to make a much larger elimination of a tract facing the entire channel and with sufficient room for a terminal railway town.

I was willing to do this because I found the restrictions in the law sufficient to prevent the possibility of any monopoly of either the upland or the harbor or channel by the Controller Railway and Navigation company or any other persons or company.

It had been originally suggested by the forestry bureau that 18,000 acres might safely be eliminated so far as forestry purposes were concerned, but fear had been expressed by one of the district foresters that such a large elimination would offer an opportunity to the company to use land scrip and acquire title to extensive town sites, and the result of the joint consideration of both departments had been the reduction to 320 acres.

Assumes All Responsibility.

I wish to be as specific as possible upon this point and to say that I alone am responsible for the enlargement of the proposed elimination from 320 acres to 12,800 acres and that I proposed the change and stated my reasons therefor, and, while both secretaries cordially concurred in it, the suggestion was mine.

The statement of Mr. Ryan, who had been properly vouched to the forester by two gentlemen whom I know, Mr. Chester Lyman and Mr. Fred Jennings, and who had produced a letter from a reputable financial firm, Probst, Wetzel & Co., was that the railway company which he represented had expended more than \$75,000 in making preparations for the construction of a railway from Controller bay to the coal fields, twenty-five miles away, but that they were obstructed in so doing by the order reserving the Churchill forest reservation, which covered all of the Controller bay shore. He, as well as Probst, Wetzel & Co., gave every assurance that the Copper River Railway company, owned by Messrs. Morgan and Guggenheim, had no connection with them and that they were engaged in an independent enterprise in good faith to build an independent railroad. No evidence to the contrary has been brought to my attention since.

Of course it was possible that the owners of the Copper River Railway company might attempt to buy this railroad when and if it was built. It was possible that Mr. Ryan was acting in the interests of the Copper River railroad, although I did not believe it.

Protected by Congress.

If a railroad was to be constructed from Controller bay to the Bering coal fields it was perfectly evident that there must be a terminal town on the shore of Controller bay, and I was therefore glad and anxious to throw it open to entry and settlement as one important step in encouraging railroad enterprise. I was certain that congress had provided in the statutes affecting the entry and settlement of land in Alaska limitations which would prevent the possibility of the exclusive appropriation of the harbor and channel of Controller bay or its shores or upland to any one railroad. This I propose now to show.

The only practicable method for securing title from the government in such a tract as this after its elimination is by the use of what is called "soldiers' additional homestead right" evidenced by scrip. The statutory limitations upon this method of acquiring title are threefold:

First.—No more than 160 acres can be entered in any single body by such scrip.

Second.—No location of scrip along any navigable waters can be made within the distance of eighty rods of any lands along such waters, and no entry can be allowed extending more than 160 rods along the shore of any navigable water, and along such shore a space of at least eighty rods must be reserved from entry between all such claims.

Third.—Nothing in the act contained is to be construed to authorize entries to be made or title to be acquired to the shore of any navigable waters within said district.

Under the first limitation the navigation company and every other person is prevented from locating more than 160 acres in one body. By the construction of the land department, as shown in the record, this requires a separation between any two entries by the same person or in the same interest of a tract of forty acres. This would prevent the possibility of any one person or any one interest acquiring an entire tract like that of 12,800 acres.

Frontage Held by Government.

The second limitation is important in that it prevents the entry of claims at any point on the shore having a greater frontage than half a mile and requires that between that and the next claim taken up there shall be a frontage reserved to the public and

kept in public control of a quarter of a mile. The consequence is that in the seven miles of the frontage of this eliminated tract there must be reserved for government control and use and such disposition as congress may see fit to make and free from private appropriation a frontage aggregating two and three-quarter miles and so distributed along the shore in frontages of eighty rods as to make certain of a public frontage of this width having all the advantage that any private frontage can have. In other words, if a tract with a half mile frontage is located at a particularly advantageous place with reference to the harbor then on each side of that frontage must be reserved to the public a frontage of a quarter of a mile, or a half mile in all, for public uses.

These two restrictions necessarily prevent a monopoly of land abutting on the shore, and as they necessarily prevent a monopoly by any one locator or in the interest of any company for whom locators are acting they take away the motive for the acquisition of land and frontage merely for the purpose of excluding other companies and possible competitors and tend to confine locators to the acquisition of land to be profitable in its use.

Since the executive order was issued, Oct. 28, 1910, there have been four locations under soldiers' scrip, three of them of 160 rods each along the bay, separated by two divisions of eighty rods. I shall assume that all of them are in the interest of the Controller Railway and Navigation company. None of them has been approved or passed to patent, but I shall assume they can be passed to valid patent.

Frontage Left Open.

Of the shore frontage unlocated which may be appropriated by scrip there remain six frontages of 160 rods each on the shore of the tract opened by the executive order facing the bay and channel, and in addition at least two and three-quarter miles of frontage distributed in eleven eighty-rod strips, subject to public use and the disposition of congress. There is thus ample room for many other railroads to reach high water mark on Controller bay and there to acquire tracts for terminals. Of the 12,800 acres the entries in area have covered only 800 acres, and all the rest is available for scrip location under the provisions of the act.

There is a third reason why the opening of this tract to settlement and limited private appropriations cannot lead to a monopoly in the Controller Bay company or any one else. The distance from the dry land—i. e., the shore land—the line of high water mark—to the line of low water mark is between two and three miles, and the distance to deeper water is about a mile farther, making it necessary, if a harbor is to be reached and used, to construct a viaduct or trestle three or four miles long from the shore to the channel. This tidal flat is owned by the United States, and the acquisition under the public land laws of tracts on the shore abutting these tidal flats gives no right or title to those flats. This would be the law if the statute was silent on the subject, but not only the statute of 1908 but also the amending statute of 1903 expressly imposes the restriction that no title or right can be obtained under the act in the shore of a navigable body of water.

I submit to all fair minded men who may have been disturbed over the charges made in respect to the executive order of Oct. 28, 1910, that it has been demonstrated by the foregoing that no public interest has suffered from its issue, that great good may come from it and that no dishonest or improper motive is needed to explain it. I might, therefore, stop here; but, rather, for the purpose of the moral to be drawn from them than to vindicate the order, I propose to consider the attacks upon the order that hysteria or rancor has prompted.

Order Was Made Public.

The charge has been made that this was a secret order and that though it was made in October, 1910, no one knew it until April, 1911. This is utterly unfounded. The statement of Mr. Vernon, the correspondent of the Post-Intelligencer of Seattle, a newspaper of wide circulation among a people most interested in Alaska, shows that ten days before the order was

made news of the details of Ryan's application and the probability of its being granted was given wide publicity. It further appears from the records of the interior department that the evening the order was signed, Oct. 28, 1910, a full notice of the issue of the order and its details was furnished by the department to all correspondents in the form of a news bulletin. Finally the agent of the Associated Press certifies that at 7:23 p. m., Oct. 28, 1910, there was sent out by that association to all its newspaper clients a telegram taken from a typewritten statement issued by the interior department as follows:

Washington, Oct. 28.—Approximately 12,800 acres of land in the Churchill National forest, Alaska, have been restored by the president for disposition under appropriate land laws, according to information made public today by the interior department. These lands are situated on the coast line of Controller bay, in southern Alaska, near the Cunningham claims, and have been found upon examination to be of little value for forestry purposes.

It would be difficult to prepare an advertisement more informing to the public or more likely to attract the attention of all likely to desire acquisition of land on Controller bay. On the 20th the chief forester sent a telegram making a similar announcement to his district forester at Portland, Ore.

The order has been attacked on the ground that it did not contain a provision delaying its taking effect for thirty days after its publication, as orders restoring land to settlement by homesteaders frequently do. An examination of the record furnishes an explanation of this feature of the order as made. When in October the two departments had agreed, with my acquiescence, that the order should be an elimination of only 320 acres an order describing the 320 acres, directing its restoration to settlement and containing the usual provision postponing its taking effect thirty days was prepared in the forestry bureau and forwarded to the interior department. There it was deemed wiser to spread on the face of the order a specific declaration that it was made to afford terminals for the Controller Railway and Navigation company, and as no one else was expected to intervene and take up any part of the eliminated tract the restoration was made immediate.

Approved by Secretary.

The form thus amended was submitted to the secretary of agriculture, who expressed his preference for the immediate restoration order through his solicitor's memorandum on the face of the order, as follows:

Mr. Clements, Assistant Attorney in the Interior Department—We think this O. K. The secretary says it is the direct way and appeals to him.

DIRE DISTRESS

It is Near at Hand to Hundreds of Ypsilanti Readers.

Don't neglect an aching back. Backache is the kidneys' cry for help.

Neglect hurrying to their aid. Means that urinary troubles follow quickly.

Dire distress, diabetes, Bright's disease.

Mrs. Thomas Barnum 23 Water St., Ypsilanti, Mich., says: "About a year ago I began to suffer from kidney trouble brought on by a heavy cold. I had such severe pains across the small of my back that I could scarcely stoop or lift and none of the remedies I tried brought me more than temporary relief. Often it was difficult for me to get up from a sitting position on account of sharp twinges through my body. I was also troubled by painful passages of the kidney secretions. Upon using Doan's Kidney Pills, procured from Weinmann-Matthews Co.'s Drug Store, I soon found relief and before long I felt like a different person." (From statement given Dec., 1906.)

NO TROUBLE SINCE.

On Dec. 16, 1908, Mrs. Barnum added: "I still recommend Doan's Kidney Pills highly as I have never had any serious recurrence of kidney trouble."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The idea of the secretary doubtless was that the short form of order was preferable because on its face it was directly indicative of the purpose to secure an opportunity to the railway company by proper entry to settle on the land eliminated, and as no one else was expected to intervene no postponement was needed. Accordingly when the case came for decision in the cabinet the order was without any postponement clause. This was the form sent me for my signature by the acting secretary of the interior department.

When I directed the striking out of the reference to the railway company and the enlargement of the area from 320 acres to 12,800 acres the form of the order in its provision for immediate restoration was not changed. I have no doubt that this was the reason why the order issued took the form it did. Had the postponement clause been suggested I would doubtless have directed it to be embodied in the order. But the event has proven that it was really not important in this case, for in now nearly nine months only the Controller Railway Navigation company has made any scrip entries on the eliminated tract, and this although 11,000 acres and three miles of water front still remain open to entry and there are several different railway companies in addition to the Controller Railway and Navigation company that had filed locations for rights of way in the vicinity in the last two years who have had in the last nine months the fullest notice of their opportunity if they wished to enter on this land.

The "Dick to Dick" Letter.

Before closing I desire to allude to a circumstance which the terms of this resolution make apt and relevant. It

TIZ--For Sore Feet

Tired, Aching, Swollen, Smelly, Sweaty Feet? Corns, Callouses or Bunions? Use TIZ. It's Sure, Quick and Certain.

You will enjoy using TIZ. The most pleasant remedy you ever tried and moreover it works.

At last here is instant relief and a lasting permanent remedy for sore feet. No more tired feet. No more aching feet. No more swollen, bad smelling, sweaty feet. No more corns. No more bunions. No more callouses, no matter what ails your feet or what under the sun you've tried without getting relief, just use TIZ.

TIZ is totally unlike anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time its used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

Owes Health and Happiness

to Lydia E. Pinkham's Vegetable Compound

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound has done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, your Vegetable Compound, and that there will be no backache and dragging pains for them if they will take it as I have. I am scarcely ever without it in the house."

"I will say also that I think there is no better medicine to be found for young girls to build them up, regulate, and make them well. My eldest daughter has taken the Compound for painful, irregular periods, and it has always helped her."

"I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell every one I meet that I owe my health and happiness to these wonderful medicines."—Mrs. J. G. Johnson, Scottville, Mich., R. F. D. 3.

When shown such positive and reliable proof that Lydia E. Pinkham's Vegetable Compound really does cure such cases wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering the same?

MORE GENUINE AND CONVINCING PROOF:

Elwood, Ind.—"I was sick three months and could not walk. I suffered all the time. I tried doctors, and they said I could not get well without an operation. I could hardly stand the pain, but my right side was the worse. I couldn't sleep at night, and I was troubled with a weakness."

"Lydia E. Pinkham's Vegetable Compound cured me. I began to feel better when I had taken only one bottle, but I kept on until I was cured."—Mrs. Sadie Mullen, 2728 N. B. Street, Elwood, Ind.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Pleasure & Profit AT PORTAGE LAKE

There are few places, if any, where the advantages for an ideal summer outing excell those afforded at Portage Lake. And Portage not only affords conditions for an ideal outing but conditions are afforded for an exceedingly profitable investment as well. Not a week passes during the vacation months and for periods, not a day passes that someone does not make application to cottage owners at Portage for cottages that cannot be supplied.

One Cottage Earned \$87 in a Season On An Investment of Less Than \$500

Just as an example we mention here the fact that one cottage earned for one man during just one season, \$87. A more profitable and staple investment than that is hard to find and more especially when you add to these facts the consideration that a cottage at Portage affords an ideal place to spend a day now and then as well as your vacation and the cost is extremely low.

Excellent Accommodations

Facilities at Portage are decidedly superior to the average resort. There is a store right on the grounds where groceries are easily obtainable, there is a dancing pavilion favorably located, and perfect beaches for bathing. Mail is delivered to your door once a day. Portage affords the best fishing of any lake in Southern Michigan. Portage beaches also afford safe bathing for children.

You Can Find No Better Place to Spend Your Vacation, To Live During the Summer, and no More Profitable Place to Build a Cottage than at Portage. LOTS BEING SOLD THIS YEAR ON EASY TERMS

There is more Catarrh in this section of the country than all other diseases together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

CONTROLLER BAY CHARGES

(Continued from page 2)

is a widely published statement attributed to a newspaper correspondent that in an examination of the files of the Interior department a few weeks ago a postscript was found attached to a letter of July 13, 1910, addressed by Mr. Richard S. Ryan to Secretary Ballinger—and in the present record—urging the elimination of land enough for terminals for the Controller Railway and Navigation company. The postscript was said to read as follows:

Dear Dick—I went to see the president the other day. He asked me what I represented. I told him, according to our agreement, that I represented myself. But this didn't seem to satisfy him. So I sent for Charlie Taft and asked him to tell his brother, the president, who it was I really represented. The president made no further objection to my claim. Yours, DICK.

The postscript is not now on the files of the department. If it were, it would be my duty to transmit it under this resolution. Who is really responsible for its wicked fabrication, if it ever existed, or for the viciously false statement made as to its authenticity is immaterial for the purposes of this communication. The purpose of the alleged postscript is and the intention of the fabricator was to make Mr. Richard S. Ryan testify through his words to the public that although I was at first opposed in the public interest to granting the elimination which he requested, nevertheless through the undue influence of my brother, Mr. Charles P. Taft, and the disclosure of the real persons in interest I was induced improperly and for the promotion of their private gain to make the order.

The statement in so far as my brother is concerned and that is the chief feature of the postscript—is utterly unfounded. He never wrote to me or spoke to me in reference to Richard S. Ryan or on the subject of Controller bay or the granting of any privileges or the making of any orders in respect to Alaska. He has no interest in Alaska, never had and knows nothing of the circumstances connected with this transaction. He does not remember that he ever met Richard S. Ryan. He never heard of the Controller Bay railroad until my cablegram of inquiry reached him.

Mr. Ballinger says in a telegram in answer to my inquiry that he never received such a postscript and that he was in Seattle on the date of July 13, when it was said to have been written.

Mr. Richard S. Ryan, in a letter which he has sent me without solicitation, says that he never met my brother, Mr. Charles P. Taft, and that so far as he knows Mr. Charles P. Taft never had the slightest interest in Controller bay, in the Controller Railway and Navigation company or in any Alaskan company, and he utterly denies writing or signing the alleged postscript. The utter improbability of his writing such a postscript to Mr. Ballinger at Washington when the latter was away for his vacation for two months must impress every one.

The fact is that Mr. Ballinger never saw the letter of July 13, 1910, to which this postscript is said to have been attached. It was sent to me by Mr. Carr, Secretary Ballinger's private secretary, at Beverly, on July 14—the next day. I read the letter at Beverly in August with other papers and sent them to the White House. It was placed upon the White House files and remained there until April 22, 1911, when it was, by request of Secretary Fisher, for use in connection with his answer to a senate inquiry, returned to the Interior department, and it was after this that the correspondent is said to have seen the letter with the postscript attached. Mr. Carr saw no such postscript when he sent the letter to me. I did not see it when I read it. No one saw it in the executive office, but it remained to appear as a postscript when it is said that the correspondent saw the letter in April or May on the files of the Interior department. All others were denied the sight.

The person whose statement the existence of what has been properly characterized as an amazing postscript is based is a writer for newspapers and magazines, who was given permission by Secretary Fisher, after consultation with me, to examine all the files in respect to the Controller bay matter, and this under the supervision of Mr. Brown, then private secretary to the secretary of the Interior. After the examination, at which it is alleged this postscript was received from the hand of Mr. Brown, the correspondent prepared an elaborate article on the subject of this order and Controller bay, which was submitted to Mr. Fisher and which was discussed with Mr. Fisher at length, but never in the conversation between them or in the article submitted did the correspondent mention the existence of the postscript. Mr. Brown states that there was no such postscript in the papers when he showed them to the correspondent and that he never saw such a postscript. Similar evidence is given by Mr. Carr and other custodians of the records in the Interior department.

Stronger evidence of the falsity and maliciously slanderous character of the alleged postscript could not be had. Its only significance is the light it throws on the bitterness and venom of some of those who take active part in every discussion of Alaskan issues. The intensity of their desire to be smirched all who invest in that district and all who are officially connected with its administration operates upon the minds of weak human instruments and prompts the fabrication of such false testimony as this postscript. I dislike to dwell upon this feature of the case, but it is so full of a lesson that ought to be taken to the heart of every patriotic citizen that I cannot pass it over in silence.

When I made this order I was aware

that the condition of public opinion in reference to investments in Alaska, fanned by charges of fraud, some well founded and others of an hysterical and unjust or false character, would lead to an attack upon it and to the questioning of my motives in signing it. I remarked this when I made the order, and I was not mistaken. But a public officer when he conceives it his duty to take affirmative action in the public interest has no more right to allow fear of unjust criticism and attack to hinder him from taking that action that he would to allow personal and dishonest motives to affect him. It is easy in cases like this to take the course which timidity prompts and to do nothing, but such a course does not inure to the public weal.

I am in full sympathy with the concern of reasonable and patriotic men that the valuable resources of Alaska should not be turned over to be exploited for the profit of greedy, absorbing and monopolistic corporations or syndicates. Whatever the attempts which have been made, no one, as a matter of fact, has secured in Alaska any undue privilege or franchise not completely under the control of congress. I am in full agreement with the view that every care, both in administration and in legislation, must be observed to prevent the corrupt or unfair acquisition of undue privilege, franchise or right from the government in that district. But every one must know that the resources of Alaska can never become available either to the people of Alaska or to the public of the United States unless reasonable opportunity is granted to those who would invest their money to secure a return proportionate to the risk run in the investment and reasonable under all the circumstances.

On the other hand, the acrimony of spirit and the intense malice that have been engendered in respect of the administration of the government in Alaska and in the consideration of measures proposed for her relief and the wanton recklessness and eagerness with which attempts have been made to besmirch the characters of high officials having to do with the Alaskan government and even of persons not in public life present a condition that calls for condemnation and requires that the public be warned of the demoralization that has been produced by the hysterical suspicions of good people and the unscrupulous and corrupt misrepresentations of the wicked. The helpless state to which the credulity of some and the malevolent scandal mongering of others have brought the people of Alaska in their struggle for its development ought to give the public pause, for until a juster and fairer view be taken investment in Alaska, which is necessary to its development, will be impossible, and honest administrators and legislators will be embarrassed in the advocacy and putting into operation of those policies in regard to the territory which are necessary to its progress and prosperity.

WILLIAM H. TAFT.
The White House, July 26, 1911.

REWARD OF \$5,000
OFFERED FOR CAPTURE
OF TWO SWINDLERS

New York, July 27.—An offer of \$5,000 reward is being sent broadcast over the country today by a well-known iron and steel company of New York and New Orleans, for evidence that will convict two or more alleged swindlers of a fraud by which it is charged \$500,000 has already been cleaned up and which is still flourishing.

For seven years the swindlers—known to the trade as the "two French swindlers"—have been preying on steel importers, a body of men who annually bring into the country goods valued at \$25,000,000, to such an extent that salesmen handling imported steels now report that they have difficulty in persuading customers that they are honest men representing reputable firms.

The victims chosen have been always of first financial rating. They include business concerns of all kinds in New England, Cincinnati, Cleveland, Columbus, Indianapolis, Brooklyn, New York, Buffalo, Lansing, Detroit, and Grand Rapids. In essence the swindle was this:

The "two Frenchmen," representing themselves as Count So-and-So and his secretary, would visit a factory of steel, pick their way through the shops, compliment the superintendent on his progressiveness and then collect sample orders for high class tool steel made abroad by the count's father.

While the "count" engaged the superintendent, his secretary would dictate on the firm's stationery an order for a much larger amount and walk out with a perfunctory signature. The order would be turned over to supposedly innocent jobbers, who would deliver an inferior quality of steel, worth perhaps three cents a pound and collect from 39 to 90 cents a pound. Usually the manufacturer would pay rather than fight in court a transaction that appeared bona fide.

Quaker Slang.
A visitor to Philadelphia, unfamiliar with the garb of the Society of Friends, was much interested in two demure and placid Quakeresses who took seats directly behind her in the Broad street station. After a few minutes' silence she was somewhat startled to hear a gentle voice inquire: "Sister Kate, will thee go to the counter and have a milk punch on me?"—Lippincott's.

Whatever the Amount You Invest, We Offer You Musical Value Absolutely Without Parallel

THE BARGAINS SHOWN HEREWITH DEMONSTRATE THIS CONCLUSIVELY—BUT JUST HOW EXCEPTIONAL THEY ARE, YOU CAN ONLY REALIZE BY PERSONAL INVESTIGATION. THE MERE STATEMENT OF THEIR QUALITIES CAN CONVEY BUT IN SMALL DEGREE THEIR EXCELLENCE—THE TONAL BEAUTY; THE RESPONSIVENESS OF ACTION; THE ATTRACTIVENESS OF DESIGN AND RICHNESS OF FINISH—ONLY BY SEEING THE INSTRUMENTS YOURSELF CAN YOU FULLY APPRECIATE THESE FEATURES—AND THIS YOU OWE IT TO YOUR OWN INTERESTS TO DO—AND IMMEDIATELY. YOU WILL AGREE THAT NEVER BEFORE HAVE YOU SEEN SUCH SPLENDID BARGAINS.

The Meaning of "Students' Piano Sale"

TO THOSE WHO MAY NOT BE FAMILIAR WITH THIS TERM, THE FOLLOWING BRIEF EXPLANATION MAY BE OF INTEREST: EVERY SEASON WE RENT MANY PIANOS TO THE STUDENTS OF MUSIC AT THE COLLEGE. AT THE CLOSE OF THE TERM THESE INSTRUMENTS ARE RETURNED TO US—IN THE MEANTIME OUR WAREHOUSES HAVE BEEN FILLED WITH NEW PIANOS FROM THE CELEBRATED MANUFACTURERS WE REPRESENT—THERE ARE, THEREFORE, BUT TWO THINGS FOR US TO DO—TO SHIP THESE RETURNED RENTAL PIANOS TO OUR DETROIT HEADQUARTERS, OR MAKE PRICES HERE WHICH WILL IMMEDIATELY MOVE THEM. WE PREFER THE LATTER COURSE TO THE EXPENSE AND RISK OF THE FORMER—HENCE, THE SENSATIONAL BARGAINS WE OFFER; THE MANY PIANOLESS HOMES MADE HAPPY; THIS WONDERFUL OPPORTUNITY FOR SAVING OF WHICH SO MANY HAVE AVAILED THEMSELVES—AND WHICH POSITIVELY ENDS WITH THE CLOSE OF OUR STORE SATURDAY EVENING.

See These Fine Instruments Today

JUST AS SOON AS THE RENTAL INSTRUMENTS COME BACK TO US, THEY ARE THOROUGHLY OVERHAULED AND TUNED. THEY HAVE RECEIVED CAREFUL USAGE AND IN MANY CASES ARE LIKE NEW. IN ADDITION TO THESE, THE SALE STOCK INCLUDES THE SHOPWORN AND EXCHANGED PIANOS ON OUR FLOORS—ALL OF WHICH HAVE HAD THE ATTENTION OF OUR EXPERTS, AND LIKE THE RENTAL PIANOS, ARE ACCOMPANIED BY OUR FREE EXCHANGE PROPOSITION. YOU KNOW BEYOND QUESTION THAT SATISFACTION COMPLETE AND PERMANENT IS YOURS WHEN YOU PURCHASE HERE.

HOW DO YOU WISH TO PAY?

LET US KNOW HOW YOU WOULD PREFER TO PAY—WEEKLY, MONTHLY OR QUARTERLY, AND IN WHAT AMOUNT. YOU WILL FIND IT VERY EASY TO PROVIDE THE HOME WITH MUSIC. LEARN OF THE QUALITY OF THESE PIANOS, OF OUR PRICES, AND OF OUR TERMS. HERE IS A BONA FIDE SALES—EVENT, WITH A BONA FIDE SAVING FOR YOU OF MANY DOLLARS. YOU CANNOT HOPE TO DUPLICATE THESE VALUES, AND AT 9:30 O'CLOCK SATURDAY EVENING THE SALE ENDS. TO BE ONE OF THE FORTUNATE PURCHASERS YOU MUST ACT AT ONCE. Phone or write us if you can't call.
